Checkerbee Publishing : Hallmark Keepsake Ornaments 2000 Collector's Value Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Hallmark Keepsake Ornaments 2000 Collector's Value Guide:

0 of 0 people found the following review helpful. Four StarsBy Nancy YorkFound this book at a good price. Something to add to my Hallmark collection.17 of 17 people found the following review helpful. The Best book to use to value your Hallmark OrnamentsBy MarcieEach year I get a new CheckerBee Value Guide. They are the best - very

easy to use and full of good information. Great index in the back to find your ornament if you know the name. The book is divided by years so if you know the year of the ornament - you can look for it's picture. They also have the series all together so when I'm shopping on line - I know what the going amount is for each ornament. It also has a section in the back to list all your ornament by year. A real five star book!13 of 13 people found the following review helpful. The only/best resource for Hallmark CollectiblesBy PaulThis is the best (if not only) resource to use for Hallmark collectibles. The color pictures are invaluable and the index makes it easy to find what you're looking for. I purchase a new book each year and reference my copy at least 3-4 times a week. The only 'negative' comment I can make is that the secondary market prices on many of the ornaments seem to be quite high - compared to what you can purchase them for on sites such as ebay. But many of them are 'right on' and it gives you a great idea of what is/isn't hot.

Features large, colour photos of every piece including Merry Miniatures and Kiddie Car Classics. Also included is a foreword by expert Clara Johnson Scroggins.
