I figured it would be cheap looking because I didn't have a lot of money to spend but this is definitely quality product! Will definitely use you again! Thank you for making my husband's father's day gift so perfect! 0 of 0 people found the following review helpful. Five Stars By JOEPAL LRRP Very nice scrapbook it worked great for my stuff, great product and fast service 0 of 0 people found the following review helpful. It is a beautiful scrapbook legacy in lovely leather By Etta Margason It is a beautiful scrapbook legacy in lovely leather. I will be proud to give it to my son whose Grandfather was in the Army in WWII.

Thoughtfully designed and beautifully produced, this handsome volume gives the scrapbooker the opportunity to preserve and present the professional successes of the members — and former members — of the United States Army. It provides a special place to keep and display photographs, mementos, letters, and stories as a personal testament to one's accomplishments. The scrapbook contains a removable section offering scrapbook-making ideas and techniques, sample projects, instructions on using the album, 20 decorative pages printed with military-inspired borders and patriotic motifs, protected in clear acetate sleeves, and 16 top-loading poly sleeves. At once sumptuous and personal, this album provides a creative way for service personnel to remember and to display their proud history. The United

States Army Scrapbook is a keepsake for the entire family to enjoy as well.
