**Mary Hirose : Your Notebook! Art Deco (Volume 3)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Your Notebook! Art Deco (Volume 3):

A journal or planner, in shimmering blue, and art deco designs etch printed into the cover. Original artwork from 1930 will inspire you in every way with your journal/planner in hand. Something to be treasured, as your words deserve to

be treasured, no matter how 'mundane' they may seem at first.
